## SKILLS

JavaScript (ES2015), Mocha, CSS, SCSS, PostCSS, HTML5, Ember, MySQL, Git, JIRA, Jenkins, Apache

## WORK EXPERIENCE

### Core Maintainer - Open Source project

December 2015 - Present

*LostGrid - Global team*

- Maintains PostCSS grid framework.
- Increased usage from several thousand downloads a month to 19k.
- Supports developers from all over the world to help use framework.

### Web Developer/Frontend Lead

April 2015 - Present

*NaturalPoint - Corvallis, Oregon* | *Onsite, transitioned to Remote*

- Develops maintainable CSS, JavaScript, and HTML5.
- Lead the exploration of React, Angular, and Ember for our frontend JS framework.
- Develops Ember for OptiTrack site.
- Supports Perl + Postgres codebase and database.
- Manages legacy code alongside our existing marketing needs for new features.
- Works with designer to bring their Sketch designs to production.
- Coordinates with remote IT to support our LAPP stack across production, staging and dev boxes.
- Supports local LAPP stack on virtual development environments.
- Lead the process to achieve PCI 3.1 compliance.
- Brought about internal code review process to improve code quality.
- Introduced TDD to JS and SCSS modules.
- Built a build process for compiling, linting, and optimizing frontend code using Gulp.
- Supports custom Perl accounting and EPR, "admin" site coordinating with all areas of the business.
- Works closely with marketing to prioritize and plan web development tasks.

### Director of Mobile & Application Development

August 2014 - June 2015

*Visual People - Corvallis, Oregon* | *Remote*

- Managed the development of applications for clients.
- Oversaw technology decisions regarding development processes.
- Integrated new processes to improve efficiency and communication with clients.
- Developed in WordPress.

### Support Specialist

April 2014 - July 2014

*Kannact, Corvallis, Oregon*

- Worked with various teams to ensure the technical pieces were in place for them to be successful.
- Supported Android tablets with on-site support for our customers.
- Designed and developed websites and marketing assets to promote our products.
- Wrote web apps to make internal operations more efficient.
- Played a role in quality assurance by writing testing scripts and providing exceptional reports.
- Supported team's Macs, iOS devices and other various IT needs.
